

PORSCHE

# The Macan Turbo with Performance Package

Life, intensified

Performance-optimized engine electronics

**169 mph**  
Top track speed

Sport Chrono Package

**3.6**-liter twin-turbo V6 engine

New, enlarged front brakes, grooved

Internally vented brake discs  
390 mm front, 356 mm rear

**440 hp**  
6,000–6,700 rpm

**Titanium Grey**  
engine compartment cover with  
carbon fiber inlay

**Air suspension**  
including Porsche Active Suspension  
Management (PASM), lowered 10 mm

**4.2** Acceleration from  
0 to 60 mph in  
**seconds**

**442 lb.-ft.**  
torque at  
1,500–4,500 rpm

**Sport exhaust system**  
with sport tailpipes available in a choice  
of silver or black

**All your senses instantly ignite.  
Especially when the key turns.**

## **The Macan Turbo with Performance Package.**

100% is not enough. At least when building a Porsche. This is what repeatedly drives us. And spurs us on to greater things. The most recent being the Macan Turbo with Performance Package.

The figures simply speak for themselves: the 3.6-liter twin-turbo V6 engine produces 440 hp and delivers an additional 40 hp more than the Macan Turbo. It accelerates from 0 to 60 mph in just 4.2 seconds – making it four tenths faster. Its top track speed: 169 mph. Performance that befits the ultra-modern, efficient 6-cylinder engine. The Sport Chrono Package adds even more excitement to the Macan Turbo: the SPORT PLUS button makes the engine even more responsive. The rev-limiter is adjusted to a harder setting, the shift times become even shorter and the gear changes

even sportier. The improved performance on the race track can be measured using the digital and analog stopwatch. And the Launch Control function ensures optimum acceleration from a standing start.

The sport exhaust system is not a fan of subdued tones. Why would it be? It delivers the typical Porsche sound – at the touch of a button and in its most powerful, resonant form. The Sport exhaust system with sport tailpipes is a treat for both the eyes and ears.

Extremely close to the action: the air suspension is lowered by 10 mm and has adaptive dampers (PASM), to guarantee improved road holding. From 100% we deliver peak performance. And then continue to improve.

- 1** Sport exhaust system with sport tailpipes available in a choice of silver or black
- 2** Titanium Grey engine compartment cover with carbon fiber inlay
- 3** Sport Chrono Package
